

EMERGENCY AMENDMENT 780CMRAppendixA-2-05-E5

The following “amendment by emergency action” updates a specific NFPA Reference Standard (NFPA 20) listed in Appendix A of the current version of the 6th Edition of the Massachusetts State Building Code (780 CMR). The updating of this reference standard is done for the general welfare of the Commonwealth and its citizenry.

In Appendix A, for NFPA referenced Standards, **DELETE** the reference to NFPA 20-1999 “*Installation of Centrifugal Fire Pumps*” **and**:

REPLACE with reference to NFPA 20-2003 “*Standard for the Installation of Stationary Pumps for Fire Protection*”

DEFENSE

The 2003 version of NFPA 20 is now available and is being utilized by the design, engineering and construction industries and such updating will ensure that this Building Code reference is consistent with other current Codes of Massachusetts Regulation (CMRs).
